

**Employer's Handler & Worker Roster**  
**for**  
**Worker Protection Training on Farms, Forests, Greenhouse and Nurseries**

**Instructions:**

*This form may be used by owners, operators and supervisors of farms, forests, greenhouses and nurseries who train their handlers and workers on the Worker Protection Standards (WPS).*

*The trainer should keep one copy of this roster and training information in his/her file for two years and send copies to the **Tennessee Department of Agriculture**:*

Tennessee Department of Agriculture  
Certification and Licensing  
Box 40627,  
Nashville, TN 37204

Email = Wilnetia.Williams@tn.gov  
Phone = 615-837-5148

An exam is not required for handlers or workers, nor are they required to be certified to take the training.

A qualified (certified) WPS trainer in Tennessee is one who is certified as a Private Applicator, Commercial Applicator or has attended WPS Train-The-Trainer Training. Training for WPS Trainers is offered by The University of Tennessee Extension Service, and is highly recommended. Training are available online through the Pesticide Safety Education Web site at: <http://psep.utk.edu>. All training materials must be EPA approved. Updated materials will have EPA approval numbers provided within presentations and/or printed materials.
